## ISHR-European Section NEWSLETTER February 2018

### Joint ISHR-ES and National Cardiovascular Research Society Poster Awards

Last year, ISHR-ES initiated a program to reach out to young European research scientists working in basic cardiovascular sciences to encourage them to become members of the ISHR-ES and participate in their meetings and other activities. To this end, a partnership has been established between ISHR-ES and the *British Society for Cardiovascular Research* (BSCR) and the *Società Italiana di Ricerche Cardiovascolari* (SIRC). ISHR-ES offered a Prize for the best poster presentation at the annual meetings held by these 2 societies. Dr. Kersten Timm was awarded the ISHR-ES/BSCR Poster Prize award at the BSCR Autumn meeting in Oxford (11-12 Sept 2017) and Dr. Saveria Femminò was awarded the ISHR-ES/SIRC Poster Prize award at the XXI<sup>st</sup> SIRC congress in Imola (16-18 Nov 2017). Both will receive a 300 € travel grant + free registration to attend the Amsterdam ISHR-ES meeting where they will have the opportunity to present their work. We will be offering both these prizes this year at the annual BSCR and SIRC meetings. ISHR-ES is currently extending this initiative to the *Hungarian Society of Cardiology* (HSC) and the French *Groupe de Réflexion sur la Recherche Cardiovasculaire* (GRRC).
